

SEAFARERS' CENTRE, TILBURY

When I called in the other day, the Chaplain had just received the following message :-

Mark, the Chaplain, told me that part of the reason for the message was that in the three days that ship was in the port a number of the crew were very, very pleased to pick up hats and scarves. In his view the message applies also to those of you who do the knitting.

I handed over 27 pairs of mittens, 27 hats 9 neck warmers, 4 polo collars and 2 scarves all of which were most gratefully received.

Thank you all for making life just that little bit more comfortable for the seafarers.
